BACKDROP COLOR*

**If you photographed a flat lay and/or
backdrop, let us know what color
they are so we can more accurately
scan your images.*

SPECIAL INSTRUCTIONS

QTY	PROCESS <small>C-41 / B&W</small>	FILM SIZE <small>35, 120, 220</small>	NORMAL / PUSH	FILE SIZE <small>standard or xlarge</small>

Process Only: Film development only. No digital scans. Best for those who own their own scanners.

Basic Scans: Film development + Scanning. Scanned neutrally and delivered with color adjustments made in scanner only. Best for those who have time to edit and fine-tune their scans.

Premium Scans: Film development + Scanning + Post-processing. Scanned and edited towards your color and contrast preferences. Best for those who want more consistent scans and to spend less time editing.
